**Discussion/Action Items**

**B. Discuss Hesperia Field Conditions**

- President Aguilar inquired about gopher holes at various parks.
- The District is working with contractors currently providing pest services at Lime Street Park and Hesperia Lake Park. It may be possible to add a few more parks and/or facilities to that agreement. We are also looking at adding bait stations.
- The length of the turf was addressed, which is currently longer to protect the grass from heat and cut back on watering.
- Turf repairs are identified and planned for the coming months.

**C. Discuss Wi-Fi and Cameras at HRPD Locations**

- Currently, cameras are installed at Lime Street Park and Hesperia Lake Park. The District is looking into associated costs of installing cameras at additional facilities.

**D. Citation Program Updates**

- Citation program is underway; we are aiming at getting the actual citations within two to three weeks. Additional signage is being posted that cites the corresponding ordinances.

E. Volunteer Ranger Updates

- Volunteer Ranger Program has been marketed through the District's traditional avenues and we are in receipt of applications. We are looking forward to the progress and development of the program.
