4.1 Method of Apportionment

Pursuant to the Act and Article XIII D of the Constitution of the State of California, all parcels that have special benefit conferred upon them as a result of the maintenance and operation of improvements, shall be identified and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire cost of the maintenance and operation of the improvements. Only parcels that receive direct special benefit are assessed, and each parcel is assessed in proportion to the estimated benefit received.

4.1.1 MAINTENANCE:

Each of the parks and facilities in the Assessment District serves all properties within the Assessment District and provides park capacity to residences, businesses, and vacant properties. Based on District studies of park usage, a single-family residence is considered as one equivalent benefit unit of capacity. Therefore, it is assigned a benefit unit of one (1). Multi-family units are assigned a benefit unit of two-thirds (0.67). Commercial parcels are assigned a benefit unit of one (1). Vacant parcels are assigned a benefit unit of one-half (0.50). This is based on the addition of future facilities and development of vacant land.

The assessment for each parcel or lot for maintenance is set at \$60.00 per Equivalent Benefit Unit.

4.1.2 LIGHTING:

Residential parcels are assigned a benefit unit of one (1). Vacant and commercial parcels are not assessed for lighting.

The assessment for each parcel or lot for lighting is set at \$4.00 per lot, excluding commercial and vacant parcels.

The Assessment District was formed and approved in compliance with Proposition 218. The assessment rate that was approved by a majority of voters through a ballot measure in 1997 and cannot be increased unless another ballot measure is successfully completed in accordance with Proposition 218.

The tables below show the Equivalent Benefit Units for each land use class.

The lines and dimensions shown on the maps of the County Assessor for the current year are incorporated by reference herein and made part of this report.

6. ASSESSMENT ROLL

Assessor's parcel identification, for each lot or parcel within the District, shall be based on the County Assessor's secured roll data for the applicable year in which this Report is prepared and is incorporated herein by reference.

A listing of assessor's parcels assessed within the District for Fiscal Year 2023/24, along with the assessment amounts, is on file in the office of the City Clerk and incorporated herein by reference. Based on County Assessor's secured roll data, current assessor's parcels, including corrected and/or new assessor's parcels, will be submitted and/or resubmitted to the County Auditor/Controller. The annual assessment amount to be levied and collected for the resubmitted parcel(s) shall be determined in accordance with the method of apportionment and assessment rate approved in this Report. Therefore, if a single assessor's parcel has a status change in development, other land use change, or subdivides into multiple assessor's parcels, the assessment amounts applied to each of the new assessor's parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment amount.

3.54 Definitions of Budget Items

The following definitions describe the services and costs included in the Assessment District budget.

Expenses:

Utility Services: includes the furnishing of electricity (general and streetlights) required for the operation and maintenance of the landscaping facilities.

Maintenance Services and Supplies: includes maintenance equipment costs, landscape supplies/repairs, and contracted maintenance services costs.

Total Service and Supplies: consists of the subtotal of utility services, and the subtotal of maintenance services and supplies.

Fixed Assets: includes land, improvement to land, structures and related improvements, and equipment costs.

Contingencies/Overhead: includes the operating funds (transfer out) and any reserve fund collection.

Grand Total Expenses: consists of Total Services and Supplies, total Fixed Assets, and total Contingencies/Overhead.

Revenue:

Revenue: includes the amount of special assessments that will be levied, interest earnings, and any contribution from surplus reserves available from the prior year, to contribute to the total expenses.

Zone Assessment: shows the assessment per Benefit Unit to be levied, multiplied by the number of assessable parcels. This also shows the maximum assessment per Benefit Unit and the total maximum assessment for the zone.

4. ASSESSMENTS

The actual assessment for Fiscal Year 2023/24 apportioned to each parcel as shown on the latest equalized roll at the County Assessor's office is on file with the District. The description of each lot or parcel is part of the records of the County Assessor and such records are by reference, made part of this Report.

4.1 Method of Apportionment

Pursuant to the Act and Article XIID of the Constitution of the State of California, all parcels that have special benefit conferred upon them as a result of the maintenance and operation of improvements shall be identified and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire cost of the maintenance and operation of the improvements. Only parcels that receive direct special benefit are assessed, and each parcel is assessed in proportion to the estimated benefit received.

To apportion the estimated costs for each zone during any fiscal year, each parcel is deemed to receive equal special benefit from the improvements. The assessment per Benefit Unit is calculated by dividing the total assessment by the total number of existing parcels to determine the annual assessment per Benefit Unit.

There is currently no assessment rate inflator associated with the Maximum Annual Assessment rates for Zones A through H.

In order to meet the costs of inflation, the Maximum Assessment rate for Zones I through B-2 is subject to an annual increase of 2%. It is specifically provided that the Maximum Assessment shall be increased each fiscal year, computed on the previous fiscal year's Maximum Assessment.

5. ASSESSMENT DIAGRAM

The Assessment Diagrams for each zone within the Assessment District have been submitted to the District Secretary in the format required under the provision of the Act and are hereby incorporated into this Report by reference. The lines and dimensions shown on maps of the County Assessor for the current year are also incorporated by reference herein and made part of this Report.

6. ASSESSMENT ROLL

Assessor's parcel identification, for each lot or parcel within the District, shall be based on the County Assessor's secured roll data for the applicable year in which this Report is prepared and is incorporated herein by reference.

A listing of assessor's parcels assessed within the District for Fiscal Year 2023/24, along with the assessment amounts, is on file in the office of the City Clerk and incorporated herein by reference. Based on County Assessor's secured roll data, current assessor's parcels, including corrected and/or new assessor's parcels, will be submitted and/or resubmitted to the County Auditor/Controller. The annual assessment amount to be levied and collected for the resubmitted parcel(s) shall be determined in accordance with the method of apportionment and assessment rate approved in this Report. Therefore, if a single assessor's parcel has a status change in development, other land use change, or subdivides into multiple assessor's parcels, the assessment amounts applied to each of the new assessor's parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment amount.

Board of Directors
Hesperia Recreation and Park District and
Hesperia Area Recreation District Foundation
P.O. Box 401055
Hesperia, CA 92340

Dear Mr. Woods:

We are pleased to confirm our understanding of the services we are to provide to Hesperia Recreation and Park District and Hesperia Area Recreation District Foundation for the years ending June 30, 2019, 2020, 2021, 2022, and 2023. This letter, and the attached *Terms and Conditions Addendum* and any other attachments incorporated herein (collectively, "Agreement"), confirms our understanding of the terms and objectives of our engagement and the nature and limitations of the services we will provide. The engagement between you and our firm will be governed by the terms of this Agreement.

Engagement Objective and Scope

We will audit the financial statements of the governmental activities and each major fund, including the related notes to the financial statements, which collectively comprise the basic financial statements of the Hesperia Recreation and Park District and Hesperia Area Recreation District Foundation for the years ending on June 30, 2019, 2020, 2021, 2022, and 2023. Accounting standards generally accepted in the United States provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement the Hesperia Recreation and Park District and Hesperia Area Recreation District Foundation's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the Hesperia Recreation and Park District and Hesperia Area Recreation District Foundation's RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited:

1. Management's Discussion and Analysis;
2. Budgetary Comparison Schedule - General Fund
3. Budgetary Comparison Schedule - Special Revenue Funds;
4. Schedule of Proportionate Share of Net Pension Liability and Related Ratios - Defined Benefit Pension Plan;
5. Schedules of Contributions - Defined Benefit Pension Plan;
6. Schedule of Funding Progress - Other Post-employment Benefits Plan;
7. Schedule of changes in net OPEB liability and related ratios;
8. Schedule of contributions – OPEB; and,
9. Notes to required supplementary information.

We have also been engaged to report on supplementary information other than RSI that accompanies the Hesperia Recreation and Park District and Hesperia Area Recreation District Foundation's financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America and will provide an opinion on it in relation to the financial statements as a whole, in a separate written report accompanying our auditor's report on the financial statements or in a report combined with our auditor's report on the financial statements.

Supplementary Schedules

1. Special Revenue Funds;
2. Combining Balance Sheet - Special Revenue Funds; and
3. Combining Statement of Revenues, Expenditures, and Changes in Fund Balance - Special Revenue Funds.

Audit Objectives

The objective of our audit is the expression of opinions as to whether your basic financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles and to report on the fairness of the supplementary information referred to above when considered in relation to the financial statements as a whole. The objective also includes reporting on internal control related to the financial statements and compliance with the provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards*.

The *Government Auditing Standards* report on internal control over financial reporting and on compliance and other matters will include a paragraph that states that the purpose of the report is solely to describe the scope of testing of internal control over financial reporting and compliance, and the result of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance, and that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering internal control over financial reporting and compliance. The report will state that the report is not suitable for any other purpose.

Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America; the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Minimum Audit Requirements for California Special Districts issued by the State Controller's Office; and will include tests of the accounting records of Hesperia Recreation and Park District and Hesperia Area Recreation District Foundation and other procedures we consider necessary to enable us to express such opinions. We will issue written reports upon completion of our audits of Hesperia Recreation and Park District and Hesperia Area Recreation District Foundation's financial statements. Our reports will be addressed to the Board of Directors of Hesperia Recreation and Park District and Hesperia Area Recreation District Foundation. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs. If our opinions on the financial statements are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or to issue a report as a result of this engagement.

Audit Procedures - General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. We will plan and perform the audit to obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity. Because the determination of abuse is subjective, *Government Auditing Standards* do not expect auditors to provide reasonable assurance of detecting abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is a risk that material misstatements may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of management of any material errors or any fraudulent financial reporting or misappropriation of assets that come to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. Our responsibility as auditors is limited to the period covered by our audit and does not extend to later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will also require certain written representations from you about the financial statements and schedule of expenditures of federal awards; federal award programs; compliance with laws, regulations, contracts, and grant agreements; and other responsibilities required by generally accepted auditing standards.

Management Responsibilities

Management is responsible for establishing and maintaining effective internal controls, including internal controls over compliance, and for evaluating and monitoring ongoing activities, to help ensure that appropriate goals and objectives are met; following laws and regulations; ensuring that there is reasonable assurance that government programs are administered in compliance with compliance requirements; and ensuring that management and financial information is reliable and properly reported. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. You are also responsible for the selection and application of accounting principles; for the preparation and fair presentation of the financial statements and all accompanying information in conformity with U.S. generally accepted accounting principles; and for compliance with applicable laws and regulations and the provisions of contracts and grant agreements.

Management is also responsible for making all financial records and related information available to us and for the accuracy and completeness of that information. You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, (2) access to personnel, accounts, books, records, and supporting documentation, (3) additional information that we may request for the purpose of the audit, and (4) unrestricted access to persons within the government from whom we determine it necessary to obtain audit evidence.

Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud or illegal acts could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the entity complies with applicable laws, regulations, contracts, agreements, and grants. Management is also responsible for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, contracts, and grant agreements, or abuse that we report.

You are responsible for the preparation of the supplementary information in conformity with U.S. generally accepted accounting principles. You agree to include our report on the supplementary information in any document that contains and indicates that we have reported on the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon or make the audited financial statements readily available to users of the supplementary information no later than the date of the supplementary information is issued with our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the supplementary information in accordance with GAAP; (2)

that you believe the supplementary information, including its form and content, is fairly presented in accordance with GAAP; (3) that the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

Management is responsible for establishment and maintenance of a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying for us previous financial audits, or attestation engagements performance audits or studies related to the objectives discussed in the Audit Objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits or other engagements or studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information.

You agree to assume all management responsibilities relating to the financial statements, related notes, and any other nonaudit services we provide. You will be required to acknowledge in the management representation letter our assistance with preparation of the financial statements and related notes and that you have reviewed and approved the financial statements and related notes prior to their issuance and have accepted responsibility for them. Further, you agree to oversee the nonaudit services by designating an individual, preferably from senior management, who possesses suitable skill, knowledge, or experience; evaluate the adequacy and results of the services; and accept responsibility for them.

Dear Mr. Nicolas Chavez:

We are pleased to confirm our understanding of the services we are to provide to Hesperia Recreation and Park District and Hesperia Area Recreation District Foundation (District) for the year ended June 30, 2020. This letter, and the attached *Terms and Conditions Addendum* and any other attachments incorporated herein (collectively, "Agreement"), confirms our understanding of the terms and objectives of our engagement and the nature and limitations of the services we will provide. The engagement between you and our firm will be governed by the terms of this Agreement.

You have requested that we audit the governmental activities and each major fund the District as of June 30, 2020, and for the year then ended and the related notes, which collectively comprise the District's basic financial statements as listed in the table of contents. We are pleased to confirm our acceptance and our understanding of this audit engagement by means of this letter. Our audit will be conducted with the objective of our expressing an opinion on each opinion unit applicable to those basic financial statements.

Accounting principles generally accepted in the United States of America, (U.S. GAAP,) as promulgated by the Governmental Accounting Standards Board (GASB) require that management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the required supplementary information (RSI) in accordance with auditing standards generally accepted in the United States of America, (U.S. GAAS). These limited procedures will consist primarily of inquiries of management regarding their methods of measurement and presentation, and comparing the information for consistency with management's responses to our inquiries. We will not express an opinion or provide any form of assurance on the RSI. The following RSI is required by U.S. GAAP.

This RSI will be subjected to certain limited procedures but will not be audited:

1. Management's Discussion and Analysis;
2. Budgetary Comparison Schedule - General Fund
3. Budgetary Comparison Schedule - Special Revenue Funds;
4. Schedule of Proportionate Share of Net Pension Liability and Related Ratios - Defined Benefit Pension Plan;
5. Schedules of Contributions - Defined Benefit Pension Plan;
6. Schedule of Funding Progress - Other Post-employment Benefits Plan;
7. Schedule of changes in net OPEB liability and related ratios;
8. Schedule of contributions – OPEB; and,
9. Notes to required supplementary information.

Supplementary information other than RSI will accompany the District's basic financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the basic financial statements and perform certain additional procedures, including comparing and reconciling the supplementary information to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and additional procedures in accordance with U.S. GAAS. We intend to provide an opinion on the following supplementary information in relation to the basic financial statements as a whole:

1. Special Revenue Funds;
2. Combining Balance Sheet - Special Revenue Funds; and
3. Combining Statement of Revenues, Expenditures, and Changes in Fund Balance - Special Revenue Funds.

Auditor Responsibilities

We will conduct our audit in accordance with U.S. GAAS, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the minimum audit requirements of the California State Controller's Office under Code Section 26909. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the basic financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the basic financial statements, whether due to fraud or error, misappropriation of assets, or violations of laws, governmental regulations, grant agreements, or contractual agreements.

An audit also includes evaluating the appropriateness of accounting policies used, and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the basic financial statements. If appropriate, our procedures will therefore include tests of documentary evidence that support the transactions recorded in the accounts, tests of the physical existence of inventories, and direct confirmation of cash, investments, and certain other assets and liabilities by correspondence with creditors and financial institutions. As part of our audit process, we will request written representations from your attorneys, and they may bill you for responding.

At the conclusion of our audit, we will also request certain written representations from you about the basic financial statements and related matters.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements (whether caused by errors, fraudulent financial reporting, misappropriation of assets, or violations of laws or governmental regulations) may not be detected exists, even though the audit is properly planned and performed in accordance with U.S. GAAS and in accordance with *Government Auditing Standards*, and the minimum audit requirements of the California State Controller's Office.

In making our risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the basic financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. However, we will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the basic financial statements that we have identified during the audit. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any other periods.

We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs. If our opinions on the basic financial statements are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or to issue a report as a result of this engagement.

Compliance with Laws and Regulations

As previously discussed, as part of obtaining reasonable assurance about whether the basic financial statements are free of material misstatement, we will perform tests of the District's compliance with the provisions of applicable laws, regulations, contracts, and agreements. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion.

Management Responsibilities

Our audit will be conducted on the basis that management and those charged with governance acknowledge and understand that they have responsibility:

- a. For the preparation and fair presentation of the basic financial statements in accordance with accounting principles generally accepted in the United States of America;
- b. For the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of basic financial statements that are free from material misstatement, whether due to error, fraudulent financial reporting, misappropriation of assets, or violations of laws, governmental regulations, grant agreements, or contractual agreements; and
- c. To provide us with:
 - i. Access to all information of which management is aware that is relevant to the preparation and fair presentation of the basic financial statements such as records, documentation, and other matters;
 - ii. Additional information that we may request from management for the purpose of the audit; and

- iii. Unrestricted access to persons within the entity from whom we determine it necessary to obtain audit evidence.
- d. For including the auditor's report in any document containing basic financial statements that indicates that such basic financial statements have been audited by the entity's auditor;
- e. For identifying and ensuring that the entity complies with the laws and regulations applicable to its activities;
- f. For adjusting the basic financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the current year period(s) under audit are immaterial, both individually and in the aggregate, to the basic financial statements as a whole; and
- g. For acceptance of nonattest services, including identifying the proper party to oversee nonattest work;
- h. For maintaining adequate records, selecting and applying accounting principles, and safeguarding assets;
- i. For informing us of any known or suspected fraud affecting the entity involving management, employees with significant role in internal control and others where fraud could have a material effect on the financials; and
- j. For the accuracy and completeness of all information provided.

With regard to the supplementary information referred to above, you acknowledge and understand your responsibility: (a) for the preparation of the supplementary information in accordance with the applicable criteria; (b) to provide us with the appropriate written representations regarding supplementary information; (c) to include our report on the supplementary information in any document that contains the supplementary information and that indicates that we have reported on such supplementary information; and (d) to present the supplementary information with the audited basic financial statements, or if the supplementary information will not be presented with the audited basic financial statements, to make the audited basic financial statements readily available to the intended users of the supplementary information no later than the date of issuance by you of the supplementary information and our report thereon.

As part of our audit process, we will request from management and those charged with governance written confirmation concerning representations made to us in connection with the audit.

Reporting

We will issue a written report upon completion of our audit of the District's basic financial statements. Our report will be addressed to the Board of Directors of the District. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions, add an emphasis-of-matter or other-matter paragraph(s), or withdraw from the engagement.

In accordance with the requirements of *Government Auditing Standards*, we will also issue a written report describing the scope of our testing over internal control over financial reporting and over compliance with laws, regulations, and provisions of grants and contracts, including the results of that testing. However, providing an opinion on internal control and compliance will not be an objective of the audit and, therefore, no such opinion will be expressed.

Other

We will also assist in preparing the basic financial statements, required supplementary information, and related notes of the District in conformity with U.S. generally accepted accounting principles based on information provided by you.

We will also provide assistance with the preparation of the Annual Financial Transactions Report required by the State Controller's Office.

We will prepare from your records and information you will provide, Internal Revenue Service Form-990—*Return of Organizations Exempt from Tax* and the required filings for California for the Hesperia Area Recreation District Foundation. Additional terms for the preparation of the tax returns are covered in a separate engagement letter for tax services.

We will not assume management responsibilities on behalf of the District. However, we will provide advice and recommendations to assist management of the District in performing its responsibilities.

The District's management is responsible for (a) making all management decisions and performing all management functions; (b) assigning a competent individual to oversee the services; (c) evaluating the adequacy of the services performed; (d) evaluating and accepting responsibility for the results of the services performed; and (e) establishing and maintaining internal controls, including monitoring ongoing activities.

Our responsibilities and limitations of the engagement are as follows:

- We will perform the services in accordance with applicable professional standards.
- This engagement is limited to the services previously outlined. Our firm, in its sole professional judgment, reserves the right to refuse to do any procedure or take any action that could be construed as making management decisions or assuming management responsibilities, including determining account codings and approving journal entries. Our firm will advise the District with regard to tax positions taken in the preparation of the tax return, but the District must make all decisions with regard to those matters.

Government Auditing Standards require that we document an assessment of the skills, knowledge, and experience of management, should we participate in any form of preparation of the basic financial statements and related schedules or disclosures as these actions are deemed a non-audit service.

We understand that your employees will prepare all confirmations we request and will locate any documents or support for any other transactions we select for testing.

If you intend to publish or otherwise reproduce the basic financial statements and make reference to our firm, you agree to provide us with printers' proofs or masters for our review and approval before printing. You also agree to provide us with a copy of the final reproduced material for our approval before it is distributed.

Provisions of Engagement Administration, Fees, and Other

During the course of the engagement, we may communicate with you or your personnel via fax or e-mail, and you should be aware that communication in those mediums contains a risk of misdirected or intercepted communications.

Based on our discussions, we expect to begin interim fieldwork at a mutually convenient date in mid-August 2020; we expect to begin our year-end fieldwork in October 2020 and issue our reports no later than December 31, 2020.

In compliance with Government Code section 12410.6.(b), we are rotating engagement partners commencing with the FYE June 30, 2020 engagement. Hong N. Nguyen and Brandon Ferrell are the client service executives for the audit services specified in this letter. Her responsibilities include supervising Eadie and Payne, LLP's services performed as part of this engagement and signing or authorizing another qualified firm representative to sign the audit report.

Our fees are based on the amount of time required at various levels of responsibility, plus actual out-of-pocket expenses. Invoices will be rendered every two weeks and are payable upon presentation. We estimate that our fee for the audit will be between \$49,500 and \$52,500. We will notify you immediately of any circumstances we encounter that could significantly affect this initial fee estimate. Whenever possible, we will attempt to use the District's personnel to assist in the preparation of schedules and analyses of accounts. This effort could substantially reduce our time requirements and facilitate the timely conclusion of the audit. Further, we will be available during the year to consult with you on financial management and accounting matters of a routine nature.

During the course of the audit we may observe opportunities for economy in, or improved controls over, your operations. We will bring such matters to the attention of the appropriate level of management, either orally or in writing.

You agree to inform us of facts that may affect the basic financial statements of which you may become aware during the period from the date of the auditor's report to the date the financial statements are issued.

We agree to retain our audit documentation or work papers for a period of at least five years from the date of our report.

At the conclusion of our audit engagement, we will communicate to the Board of Directors the following significant findings from the audit:

- Our view about the qualitative aspects of the entity's significant accounting practices;
- Significant difficulties, if any, encountered during the audit;
- Uncorrected misstatements, other than those we believe are trivial, if any;
- Disagreements with management, if any;
- Other findings or issues, if any, arising from the audit that are, in our professional judgment, significant and relevant to those charged with governance regarding their oversight of the financial reporting process;
- Material, corrected misstatements that were brought to the attention of management as a result of our audit procedures;

- Representations we requested from management;
- Management's consultations with other accountants, if any; and
- Significant issues, if any, arising from the audit that were discussed, or the subject of correspondence, with management.

The audit documentation for this engagement is the property of Eadie and Payne, LLP and constitutes confidential information. However, we may be requested to make certain audit documentation available to federal/state agencies pursuant to authority given to it by law or regulation, or to peer reviewers. If requested, access to such audit documentation will be provided under the supervision of Eadie and Payne, LLP's personnel. Furthermore, upon request, we may provide copies of selected audit documentation to federal/state agencies. They may intend, or decide, to distribute the copies of information contained therein to others, including other governmental agencies.

Government Auditing Standards require that we provide you with a copy of our most recent external peer review report and any letter or comment, and any subsequent peer review reports and letters of comment received during the period of the contract. Our 2019 peer review accompanies this letter (Attachment A).

Please sign and return the attached copy of this letter to indicate your acknowledgment of, and agreement with, the arrangements for our audit of the basic financial statements including our respective responsibilities.

We appreciate the opportunity to be your financial statement auditors and look forward to working with you and your staff.

Very truly yours,
