Hesperia Recreation and Park District Director's Policy Manual

ARTICLE VII BOARD COMPENSATION

Section 1. Compensation of Members

Each member of the District Board may receive such sums as may be fixed by the District Board pursuant to state law. First, the Board may receive compensation in the amount of \$150.00 for their attendance at meetings and other related functions, not to exceed \$1,500.00 compensation per member in any one calendar month for no more than ten meetings in a calendar month. Second, in addition to the stipend, members of the District Board may be allowed actual necessary traveling and incidental expenses incurred in the performance of the official business of the District as approved by the District Board as well as health, welfare and retirement benefits as allowed by state law and adopted by the Board. At current, the District provides vision, dental and health insurance benefits at no-cost to each member of the District Board.

ARTICLE VIII BOARD TRAINING AND REIMBURSEMENT

Section 1. New Board Orientation

The General Manager and Board Clerk/Secretary shall provide orientation and training for new Board members, including familiarity with District facilities, equipment and personnel and to provide copies of various District rules, regulations and policies, including but not limited to these Policies, the Employee Handbook, FPPC forms and requirements, compensation, ethics and other training.

Section 2. Training, Education and Conferences for Board Members

The purpose of this policy is to define and clarify authorized reimbursable expenses in accordance with AB 1234 (Govt. Code Sections 53232 et seq.). It applies to reimbursement for official travel, business meals, lodging, conference expenses, professional memberships and other related expenditures. It is the policy of the District to encourage Board development and excellence of performance by reimbursing Board members for expenses incurred for tuition, travel, lodging, meals and incidental expenses a result of training, educational courses, participation with professional organizations, attendance at local, state and national conferences associated with the interests of the District, appearances before or meetings with other governing or regulatory bodies, ceremonial functions or ethics training. There will be no reimbursement for alcohol or for spouse or guest meals.

When the District sponsors/pays for a table or entrance to an event such as a chamber mixer, fundraiser or another local event that is deemed appropriate for the District to pay for Board member(s) to attend as District representatives, priority order will be given first to the District Board and then to the HARD Foundation Board. When deemed appropriate and if available, each Board member will be given the opportunity to bring a guest representative.

The intent of this policy is that District officials should not be financially burdened or unjustly rewarded as a result of business travel.

Definition of "District-Related Travel": any District-authorized travel to attend meetings, trainings or conferences on behalf of the District. District authorized travelers are responsible for being knowledgeable and complying with the following policy.

The District Board of Directors sets the following payment rates for Lodging and Meals and Incidental Expenses (M&IE) for Board members engaging in District-related travel.

These rates adjust annually and are specific to the area to which the Board member is traveling. The Board has adopted per diem rates for simplicity of administration.

Notwithstanding anything to the contrary, receipts are required to be submitted by all travelers for all District business related reimbursement in compliance with Govt. Code 53232.3. District officials are expected to use good judgment in the use of District funds while on official travel to minimize the total cost to the District.

Section 2.1. Lodging and M&IE Per Diem Rates/Advance.

Rates - The District will utilize the per diem rates found on the GSA website for the County and City where the meeting or training is being held, or the closest to that location, [US Government General Services Administration \(GSA\) website \(https://www.gsa.gov/travel/plan-book/per-diem-rates\)](https://www.gsa.gov/travel/plan-book/per-diem-rates). The District representative must use the conference rate at the conference hotel if available. If the conference rate is not available, the General Manager or his/her designee will find a non-conference hotel at a rate as similar as possible to the conference rate. The District will make all lodging arrangements and pay directly for such lodging. The District representative may be required to provide a personal credit card for incidentals.

Section 2.1.A. Meals and Incidental Expenses (M&IE)

The M&IE rates include:

- Payment only for the District representative's expenses such as meals, non-alcoholic drinks, taxes and tips.
- Incidentals - e.g., tips for baggage carriers, bellhops and room cleaners.

Travelers may include the daily incidental amount when determining the maximum M&IE rates. Gratuities for baggage carriers, porters and hotel staff (bellhops and room cleaners), as well as ATM fees, bank fees and check cashing fees are included in the daily incidental amount.

Pursuant to state law, District Representative(s) will not be reimbursed for:

- Meal expenses exceeding the maximum meal rate specified in this policy.
- Any portion of the per diem that covers meals that also are provided as part of the conference fees, unless there is a business or health reason for an alternate meal.

Per Diem checks will be issued to the traveler two weeks prior to the date of travel and will be available for pick up at the District during business hours.

Section 2.2. Transportation

Board members shall use government or group rates for transportation whenever available. If such rates are not available, the maximum rate for air travel is \$500 + tax

and fees round trip within California. All such travel must be coach class unless the Board member himself or herself pay for an upgrade.

Airport shuttles and public transit should be used whenever possible, such cost not to exceed \$100 per day. If a taxi is necessary, such cost shall not exceed \$100 per day. Rental vehicles are permitted when other transportation is unavailable and when it is the most economical mode of transportation or necessary for District business purposes. Advance reservations should be made whenever possible and a compact or economy model car should be requested. Officials should utilize rental insurance to protect the District. Board members are encouraged to share vehicles and the District will seek the lowest possible rate.

Board members shall utilize long-term airport parking whenever possible.

Section 2.2.A. Mileage

Reimbursement for the cost of the use of a Board member's vehicle will be on the basis of total miles driven and at the rate specified in the Internal Revenue Service Guidelines in effect at the time of the vehicle usage. However, the total mileage reimbursement cannot exceed the price of a coach airfare ticket to and/or from the same destination; the price will be determined by obtaining the lowest price for such travel in the two weeks prior.

Section 2.3. Amounts Above the Set Rate/Annual Increase

When the amount to be expended or reimbursed is going to exceed the policy limit, the expenditure must be approved at a public meeting before it is incurred. A Board member may choose to pay additional amounts at his/her own expense.

Section 2.4. Spouses

When an official takes a spouse or other family member on an official trip, the official will be personally responsible for all of the family member's expenses and will be reimbursed only for the expenses the official would have incurred traveling alone. When traveling by airline the official must obtain a separate quote for the lowest cost airfare available for the official traveling alone. This is the amount the official can claim and must be attached to the expense statement. Meals must be identified and separated including applicable taxes and tips.

Section 2.5. Credit Cards

District Board members will not be provided credit cards.

Section 2.6. Reporting.

At the next regular Board meeting after a Board member's attendance at a conference or other event at District expense, he/she shall provide a brief or written report regarding that conference. The written report may be provided on a form which will be included in the Agenda packet.

Section 2.7. Enforcement

Use of public resources or falsifying expense reports in violation of this policy may result in any or all of the following: (1) discipline; (2) loss of reimbursement privileges; (3) a demand for restitution to the District; (4) civil penalties; and (5) prosecution for misuse of public resources.

The District Board of Directors sets the following rates for Lodging and Meals and Incidental Expenses (M&IE) for Board Members engaging in District-related travel. These rates adjust annually and are specific to the area to which the Board Member is traveling. The Board has adopted per diem rates for simplicity of administration.

- (2) The District representative must use the conference rate at the conference hotel if available. If the conference rate is not available, the General Manager or his/her designee will find a non-conference hotel at a rate as similar as possible to the conference rate. The District will make all lodging arrangements and pay directly for such lodging. The District representative may be required to provide a personal card for incidentals.

(E) Meals and Incidental Expenses (M&IE)

- (1) The M&IE rates include:
 - (a) Payment only for the District representative's expenses such as meals, non-alcoholic drinks, taxes, and tips.
 - (b) Incidentals - e.g., tips for baggage carriers, bellhops, and room cleaners.

- (3) Per Diem checks will be issued to the traveler two weeks prior to the date of travel and will be available for pick up at the District during business hours.
- (4) Travelers must submit all receipts and return unused per diem funds within fifteen business days upon their return.

HESPERIA LAKES OPERATING AGREEMENT

This Agreement dated this ~~1st day of October, 2001~~, by and between the Hesperia Water District, hereinafter referred to as "HWD", and the Hesperia Recreation and Park District, hereinafter referred to as "HRPD",

WITNESSETH

WHEREAS, HWD, owns the property shown and legally described on Exhibits "A-1" and "A-2" on the attached map, which map is incorporated herein by this reference and said Exhibits "A-1" and "A-2" is hereinafter referred to as the "Property", containing a lake, island, stream, designated surrounding land and certain improvements, and water and other facilities servicing same, the current use of which property includes, among other uses, recreation and related uses; and

WHEREAS, it is understood that ~~HWD reserves all property as noted on Exhibits "A-1" and "A-2" for future use by the water district, thereby limiting the park facility to the designated area currently utilized, and~~

WHEREAS, it appears to be in the best interest of the community, and the parties hereto that HRPD be allowed to enter upon, maintain and continue the operations of said Property; and

WHEREAS, it appears to be in the interest of HWD, to enter into an Agreement to insure the continued maintenance and use of said Property during the term of this agreement.

WHEREAS, it appears to be in the best interest of the community for the HWD, HRPD, and the City of Hesperia to assist each other in conservation of water, and finding additional water sources for the continued operation of Hesperia Lake Park.

NOW THEREFORE, in consideration of the above, and in consideration of the terms, covenants and conditions herein set forth, the parties hereto mutually agree as follows:

1. During the term hereof, HRPD shall have the right and obligation to occupy and operate the designated property owned by HWD, as a public park and recreational area, including the maintenance and development of said property for the benefit of the residents of Hesperia, invitees and visitors at the expense of the HRPD. HRPD is not obligated to keep the lake or stream filled at any specified level. Water use will be at the discretion of HRPD.

2. The term of this Agreement is effective as of October 1, 2001, and shall continue for a period of 25 years, ending on the 31st day of September, 2026, unless terminated sooner as provided herein. HRPD shall have an option to extend the term of this agreement for two (2) additional five (5) year periods providing HRPD notifies HWD in writing ninety (90) days prior to expiration of said agreement. Either party may elect to terminate this Operating Agreement without cause by giving at least 120 days written notice of that election to the other party. In the event, either party wishes to so terminate this agreement, and the cancellation is effective prior to the end of the term hereof, then HWD agrees to reimburse to HRPD for improving and developing the property. This

reimbursement may exclude any improvements funded through grants unless the grant terms require such reimbursement. The consideration of reimbursement will be limited to any improvements that have previously received the approval of the HWD Board and which are incurred for the purpose of improving and developing the property. Any reimbursement will be subject to a depreciation rate of 5% per year from the date of expenditure. Upon completion or termination of the term hereof or of any renewal or extension hereof, all building and improvements on the property shall be and remain the property of HWD.

All major capital improvements exceeding \$2000, must be approved or part of an approved master plan of the HWD Board to ensure the long-term integrity of the property. Improvements costing less than \$2000 not approved by HWD or elements of the master plan, may be excluded from consideration of reimbursement. Additionally, any improvements exceeding \$2000 undertaken by HRPD and not approved by HWD or an element of the master plan may be excluded from consideration of reimbursement upon termination of the contract.

3. In the event that HWD deems it necessary to liquidate the property and receives an acceptable offer to purchase within the period of this Agreement, HWD shall thereupon give to HRPD within 30 days after receiving the offer the right to purchase the property on the same terms and conditions. Upon receipt of notice of Offer to Sell, if it elects to purchase the property, HRPD shall thereupon have a period of 45 days to provide HWD with written election to purchase said property in accordance with the terms and conditions as stipulated in the offer. The parties shall then complete the sale to the HRPD within 60 days thereafter or

such longer period as the parties may agree. The rights and obligations under this paragraph are subject to all applicable provisions of state law relating to the sale by HWD of the property, and are subject to all conditions and limitations relating to said sale; further the provisions of this paragraph should not necessarily be construed as obligating HWD to sell the property to any person or entity if it chooses not to sell the property.

4. During the terms of this Agreement, HRPD shall be responsible for the timely maintenance and repair of the facilities and maintaining the property in a safe condition. HRPD shall be responsible for the prompt repair and reconstruction of any improvements damaged or destroyed during the term hereof. Any damage that could result in injury or illness to HWD or HRPD employees, or to the public, shall be repaired within 24 hours after the damage is discovered by either HWD or HRPD. If the damage cannot be repaired within this time period, then the area shall be properly barricaded to prevent the public from coming in contact with the area. All repairs to any improvements shall be performed within thirty (30) days after the damage has been caused or identified. Any deviation to this time limit shall be requested by HRPD in writing, and shall be approved by, in writing, HWD. If repairs are not performed in accordance with the time limits, HWD may elect to perform the repairs, and all costs associated with the repair work shall be paid entirely by HRPD.

5. The HRPD represents that its agents or employees have entered upon and inspected the property and accepts the property and any improvements thereon in their present conditions. The HRPD also agrees to indemnify, hold

harmless and defend the HWD from any and all claims, demands or actions for damages of any kind, including but not limited to, injury, death or damage to property resulting from or concerning the use or operation of the property, the condition of the property or any acts or omissions of any kind on or about the property or relating to the property or its use or condition.

The HRPD shall also forthwith provide, at its expense, liability insurance protecting against claims for injury, death or property damage in the sum of at least \$5,000,000 for injury or death and \$1,000,000 for property damage. HWD shall have the right to review the limits of said liability insurance coverage every year following the effective date of this agreement, and if deemed reasonably necessary by HWD, may require the limits of said insurance coverage to be increased to an extent deemed reasonably appropriate by HWD, in which event HRPD shall obtain said increased coverage effective within 90 days from HWD's request. Said liability insurance coverage shall be a responsible and reliable coverage acceptable to and in conformance with similar coverage as provided by other public agencies performing like duties.

HRPD shall further forthwith provide at its expense insurance covering all risks of physical damage to any substantial or major buildings (including contents left by HWD) including those existing and those constructed or installed or erected during the term hereof, which coverage shall include but not be limited to fire and extended coverage, adequate to cover replacement costs, as reasonably approved by HWD. On all insurance policies, HWD shall be named as an insured and/or, as applicable, loss payee, and said policies shall be primary and

not contributing with any other insurance available to HWD. Said policies or certificates or riders evidencing coverage shall be delivered to HWD on an annual basis coinciding with each renewal. Said insurance shall be with an admitted insurance company or companies acceptable to similar public agencies in this state. HWD shall have the right to review the limits of said insurance coverage every year following the effective date of this agreement, and if deemed reasonably necessary by HWD, may require the limits of said insurance coverage to be increased to an extent deemed reasonably appropriate by HWD, in which event HRPD shall obtain said increased coverage effective within 30 days from HWD's request.

6. To the extent that water is reasonably available, water for landscape and lake replenishment can be provided from HWD's non-potable Wells Number 1, 2 and 7. HRPD is responsible for all costs, electrical and other, associated with drawing water from these wells. ~~HRPD will be required to provide verification of the flow meter calibration on a biannual basis as required by the Watermaster. If the flow meter ceases to function, HWD must be notified immediately.~~ HWD will not assume responsibility for the condition of the wells, well casing, pumps and motors, pipeline transmission system or operation thereof from the date of this operating agreement. ~~If HWD personnel identify a necessary repair, HRPD has 30 days from notification to complete the repair. If not completed in that timeframe, HWD will make the repairs and bill HRPD for any associated costs.~~

~~All costs associated with the usage of water from the aforementioned wells will be borne by HRPD, including monitoring, administrative and biological~~

assessments and replacement water. The cost of the water utilized by HRPD from the aforementioned wells will be determined by October 1st of each year and will apply to all water used from the previous water year (October 1st through September 30)

All costs for usage of water, replacement water (Mojave Water Agency or market price which ever is lowest,) HWD monitoring and inspection, payment schedule and Watermaster administrative and biological fees shall be as indicated in Exhibit "B-1" attached herein, and shall be updated yearly on October 1.

The following meters, which are installed as of the date of this agreement for use at the park site, are currently and subsequently maintained by HWD. These meters are read and billed bimonthly at the appropriate retail rate:

- (6) Meter # B96652024 1" (museum)

Additional meters or substitute meters may be added as needed by contacting HWD. Appropriate established fees for installation will be applicable. HRPD is responsible for all applicable fees, charges, rates, costs and expenses in connection with the use of metered water. All costs of revising, improving or

repairing the water system shall be the responsibility of HRPD. The HRPD shall also be responsible for the cost of any utilities and other expenses incurred in the operation, maintenance or use of the property.

7. HRPD shall not have the right to assign, sublet, delegate, contract or otherwise transfer, whether in whole or in part, any of its rights or obligations hereunder without the prior written consent of HWD. Any such consent by HWD will not be construed as a waiver of any further rights of HWD Hereunder, including but not limited to the right to terminate without cause. This paragraph is not intended to cover ordinary maintenance and operations by HRPD (such as minor contracts for weed removal, ordinary and day to day maintenance). Further, this paragraph shall not be construed so as to limit the rights of HWD under paragraph 2 of this agreement.

8. All notices required or permitted to be given under this Agreement shall be deemed given by delivery or by mailing, postage prepaid to the recipient party at its then current address; the present addresses of the parties are as follows:

14.00 POLICIES AND PROCEDURES GOVERNING USE OF PARKS, RECREATION AREAS, AND FACILITIES

The intent of public leisure services is to provide opportunities for satisfying leisure needs for all segments of the population.

The following policies and procedures have been adopted:

14.01 Applicability

- (A) Persons entering the premises owned, managed or controlled by the District may remain as long as they abide by the rules and regulations, applicable laws and codes of the State, County and local agencies. Persons using District facilities or programs are to abide by these regulations, applicable laws, ordinances and codes of the State, County and City, and lawful instruction of authorized employees of the State, County and City, and lawful instruction of authorized employees of the District. Failure to leave the premises when requested to do so by an authorized employee of the District for violation of these regulations will be a further violation of regulations.

14.02 Insurance Requirement for District Facility Use

Definition of Facility – Facility includes specific building, room, space, area, or field to be used as well as all common areas used to include parking areas, sidewalks, adjacent grounds, or others areas used by the User or its officers, agents, employees, or other participants/guests.

- (A) Applicability
 - (1) The District Board of Directors has established the following insurance policy requirements as follows:
 - (a) Uses where alcohol will be served
 - (b) Events open to the public
 - (c) Dances
 - (d) Equestrian related events
 - (e) Youth Sports Leagues (insurance already provided for practices and games)
 - (f) Events identified by the District’s Joint Powers Insurance Authority or General Manager as a use consisting of high risk activities
- (B) Minimum Scope and Limit of Insurance
 - (1) User shall procure and maintain for the duration of the use period commercial general insurance, specifying the facility used in the certificate of insurance, occurrence based, against claims for injuries

to persons or damages to property (including third-parties and their property and District employees or volunteers and their property) that may arise from or in connection with the use of the District's facilities as defined above and in the Facilities Use Agreement and the activities of the User, their invitees, guests, officers, agents, representatives, employees, or subcontractors, as applicable.

- (2) Coverage shall be at least as broad as Insurance Services Office Form CG 00 01, covering Commercial General Liability (CGL) on an "occurrence" basis, personal injury, with limits no less than \$1,000,000 per occurrence for most uses and no less than \$2,000,000 per occurrence for specific higher risk activities as identified by District's Joint Powers Insurance Authority or General Manager.

(C) Other Insurance Provisions

- (1) The general liability policy is to contain, or be endorsed to contain, the following provisions:

- (a) The Hesperia Recreation and Park District, the Hesperia Area Recreation District Foundation, the City of Hesperia (only when property is owned by the City), and its/their officers, officials, employees, and authorized volunteers are to be covered as additional insureds.
- (b) For any claims related to this project, the User's insurance coverage shall be primary insurance as respects the District and any insurance or self-insurance maintained by the District shall be excess of the User's insurance and shall not contribute with it.
- (c) The User's insurer shall waive all rights of subrogation against the Hesperia Recreation and Park District, Hesperia Area Recreation District Foundation, the City of Hesperia (when required) for losses paid under the terms of any policy covering the facility use or any activities of the User, their guests, agents, representatives, employees, or subcontractors.

(D) Verification of Coverage

- (1) User shall furnish the District with original certificates and amendatory endorsements effecting coverage required by this policy. All certificates and endorsements are to be received and approved by the District *at least 15 calendar days* before User commences activities.

(E) Liquor Liability

- (1) If User will be supplying alcoholic beverages, the general liability insurance shall include host liquor liability coverage. If User is using a caterer or other vendor to supply alcohol that vendor must have liquor liability coverage. If User intends to sell alcohol either the User or vendor providing the alcohol for sale must have a valid

liquor sales license and liquor liability insurance covering the sale of alcohol.

- (F) Homeowners Insurance
 - (1) In some cases the User's homeowner's liability insurance may provide coverage sufficient to meet these requirements. User should provide these requirements to his or her agent to confirm and provide verification to the District.
- (G) Special Risks or Circumstances
 - (1) The District, through its General Manager, reserves the right to modify these requirements based on the nature of the risk, prior events, insurance coverage, or other special circumstances.
- (H) Indemnification
 - (1) The User also will provide an indemnification which holds the Hesperia Recreation and Park District and the Hesperia Area Recreation District Foundation, individual members thereof, its officers, agents, and employees free and harmless from such loss, damage, liability, cost or expense that may arise during or be caused, in any way by such use or occupancy of District property or property controlled by the District.

14.03 Building Regulations

Each user of indoor facilities is responsible for the set up and cleanup of the building which you use. Whether there is a staff member on duty, however, the following regulations are the responsibilities of the user:

- (A) Access to rooms or facilities other than those approved on user's application is not permitted.
- (B) The person signing the application shall be an adult, responsible for any loss or damage during the use of any facilities.
- (C) Adequate adult supervision must be provided for youth and teens.
- (D) No preparations shall be used on the floors by groups dancing.
- (E) If alcohol is served or amplified music provided, District approved security must be provided at an additional cost to the user. The District will arrange for this service. Amplified Music is defined as any type of music or other entertainment delivered through and by an electronic system. Equipment operating with no amplification other than their internal speakers, and background music systems operated at a low amplification and not intended for entertainment shall not be deemed Amplified Music. Sound levels may be restricted by staff on an as needed basis.
- (F) Setup and cleanup times are to be included in the user's use. They are not to set up before the time scheduled or go after the time the event is

to end. User will be charged an additional hour or hours for any time use before or after arranged on use permit form.

- (G) A park employee will be working in one of the buildings or on the park site during use. User should not leave the facility until the staff member on duty has checked the facility.
- (H) Decorations are allowed only in designated areas with prior approval. Remove all decorations, including tacks, staples or other objects when finished.
- (I) All doorways, hallways and aisles must remain clear of tables, chairs or other objects due to fire safety regulations. A six foot unobstructed walkway must be left running the entire length of the building from all of the doorways, emergency exits and is always to be kept clear of any objects.
- (J) At dusk the park is closed and everyone needs to remain in the building until the event is over.
- (K) Food and Drink may be restricted to certain areas.

The District will, at a minimum, follow the Public Resources Code Section 5164 (see APPENDIX 9) and will furthermore reserve the right to increase restrictions beyond Public Resources Code Section 5164. The District, while it may increase requirements, will not violate any individual's civil rights.

The District will require the following categories of employees, officials and volunteers to be fingerprinted:

- (A) Board of Directors
- (B) All part time and full time employees.
- (C) All volunteers.
- (D) All contractors in accordance with Public Resources Code Section 5164.

14.29 Fingerprint Policy for District Users

This policy will be used as an addendum to a use agreement. It will not be used simply for renters of facilities, although the District always reserves

the right to guard the safety of minors including background check requirements.

- (A) Purpose - The District will provide fingerprinting for such groups when they will be using District parks, playgrounds, recreational facilities and sports fields under an agreement for ongoing use. The purpose of this policy is to implement the provisions of Public Resources Code Section 5164 in order to protect the minors who use District facilities.
- (B) User Group Requirements - As a condition of participation with user group, user group will require that all of its employees or volunteers who will have supervisory or disciplinary authority over minors comply with this policy, commencing with fingerprinting. The user group will not allow an employee or volunteer to participate in such supervisory or disciplinary capacity until such time as he/she has been fingerprinted and received clearance to proceed from the State of California Department of Justice (DOJ).
- (C) District Conduct of Fingerprinting - District will provide equipment for fingerprinting and will conduct or cause to be conducted such fingerprinting. District then will send prints to DOJ for processing through its criminal history database. Such screening shall be only for those offenses identified in Public Resources Code Section 5164 and Penal Code Section 11105.3. Results shall be returned to the General Manager as the person authorized to receive such results. User Groups understand that District is not responsible for the speed, timing or accuracy of DOJ's actions or failure to act.
- (D) Individuals or leagues may at their cost elect to have prints taken at an alternate location providing they use the District's DOJ account number assuring all reports come to only the District and all other conditions of this policy is in effect.
- (E) Handling of Results:
 - (1) No Record Received: When DOJ responds that there is no criminal history (i.e. no record has been received), District will indicate that no record has been received and the user group employee or volunteer may participate in supervising or disciplining minors at user group activities, at District facilities. An ongoing, eligibility list will be maintained allowing volunteers to participate in other programs on District property without additional fingerprinting. If after initial fingerprinting, subsequently a record of the type of violations specified occurs, DOJ automatically will notify District, and the provisions of subsection (2) shall apply. District will retain all records for the time required by law.

- (2) Record Received: The District's goal is to protect the privacy of the person involved while also protecting minors. Therefore, where a criminal history is received, the District will notify the user group and the employee or volunteer that such record has been received and that he/she is thus ineligible for participation in the user group activity.
- (F) Nonparticipation - In the event District discovers that the person is participating, District may instruct user group that the person is not eligible for participation. User group then is responsible for barring participation by its employee or volunteer. In the event user group does not so comply, its use of District facilities and their agreement may be terminated upon 15 days written notice.
- (G) Indemnification - Notwithstanding any other provisions of this policy or agreement, user group indemnifies, defends and holds harmless District, its officers, agents and employees, from and against any and all liabilities, claims or demands (including but not limited to costs and attorney's fees for counsel acceptable to District) arising or alleged to arise from the failure (intentional or negligent) of user group, its officers, employees, agents or volunteers, to comply with the provisions of this policy.

In the event of a crisis or emergency situation, the General Manager and/or Board President will handle all contact with the media (defined as television, radio, newspaper, and internet) and will coordinate the information flow from the District to the public. In such situations, all other Board Members and District divisions should refer calls from the media to the General Manager's office.

14.31 Email Use

- (A) Purpose - The purpose of this policy is to establish guidelines for the use of District's Email System.

- (B) Scope/Background - This policy applies to all persons (including employees, appointed and elected officials, contractors, interns, volunteers) who are permitted to use the District's computing or network resources, and particularly the Email functions of the system ("Authorized Users"). "Email" means any Electronic Communication to or from any authorized user using the Email System, including all information, data, and attachments to the communication, "Email System" means the system of devices (including hardware, software, and other equipment) owned and controlled by the District for the purpose of facilitating the electronic transmission.
- (C) Policy - The Email System shall be used for transmission of communications and not storage. The Email System is provided to Authorized Users as a convenient and efficient method of rapidly communicating transitory information in an electronic format. The Email System is specifically intended and designed to be a tool for transmission of information, and not a tool for storage of information.

Communications generated through this system are no District records retained in the ordinary course of business. They are not subject to records retention policies until the communication has been printed and retained or downloaded into a local file folder and specifically recognized as a District record. This is the same manner in which paper mail is managed:

Authorized Users determine what is a record that needs to be retained pursuant to the District's records retention schedule, what records are preliminary drafts, copies or non-records and file, or dispose of the record based upon like criteria.

- (D) Public Record
 - (1) Definition - The definition of public records includes any writing containing information relating to the conduct of the public's business prepared, owned, used, or retained by the District. Excluded from the definition of public records are "preliminary drafts, notes, or interagency or intra-agency memoranda that are not retained by the public agency in the ordinary course of business provided that the public interest in withholding those records clearly outweighs the public interest in disclosure." (Govt. Code Section 6254). One purpose of this policy is to clarify which emails are public records and which are not.
 - (2) Confidentiality - Certain communications, such as police investigations, medical information, personnel records, attorney-client privileged communications, and those which may be subject to

the deliberative process privilege, may be confidential or contain confidential information. Transmittal of such topics should be avoided.

If Email is utilized, extreme caution must be exercised since information may be retransmitted. Email, instant messaging and the Internet are unsecured communication mediums and data is not encrypted by default. Contact made over the Internet should not be trusted with confidential information unless a due diligence process has been performed. Information should not be sent using the District's email or the Internet if its misuse or disclosure would violate an individual's or the District's right to privacy or expose the District to financial loss, embarrassment, penalties, damage or is especially sensitive, confidential or proprietary.

If it is necessary to transmit confidential information via Email, "Confidential" must be the first word in the Email to alert the reader to properly manage the Email. Proper management of the Email includes not providing the Email to unauthorized persons. Do not "interfile" Email or other privileged correspondence from the District Attorney's office with public documents (documents that are accessible to the public). These Emails may be subject to the Attorney-Client and or the Attorney Work Product privileges, and the contents should not be disclosed without first checking with the District Clerk.

- (E) Brown Act - Pursuant to the California law known as the Brown Act, all meeting of public bodies shall be open and public. The Brown Act prohibits serial meetings that are conducted through direct communications, intermediaries or technological devices such as Email, for the purpose of developing a collective concurrence as to action to be taken. The District email system may be used to distribute information, schedule meetings and communicate on an individual basis between District staff and members of a legislative body. However, members of a legislative body, such as the Board of Directors, may not deliberate issues of concern to the District through the use of email or poll each other concerning District business. Likewise, District staff may not poll members of the legislative body concerning issues. Meeting notices may be sent via Email, but these exchanges do not substitute Brown Act meeting notice requirements. Traditional methods of public posting must continue as required.
- (F) Privacy - Right to Monitor

The Email System is the property of the District. The District reserves the right to view, capture, monitor and record individual Authorized User and other user computer files as well as Internet, personal file directories, information stored on the computers and email usage, at any time as allowed by the Electronic Communications Privacy Act of 1984. Accordingly, no user shall have any expectation of privacy regarding the content of an Electronic Communications.

- (1) Password - A confidential password does not guarantee privacy nor does it suggest that email is the property right of the Authorized User. Passwords and codes will help secure information, but they do not ensure privacy and security.
 - (2) District Business - All messages transmitted over the Email system should be those which involve District business activities or contain information essential to its employees and officials for the accomplishment of District business-related tasks, any communication directly related to District business, administration, or practices. Authorized Users shall refrain from using personal use of the email system.
 - (3) Termination of Relationship with District - When an Authorized User terminates his or her relationship with the District, they have no rights to the contents of the Email messages and are not allowed access to such systems.
- (G) Penalties - Use of the District's email by any Authorized User is a privilege, not a right, and may be revoked at any time for inappropriate conduct. Any Authorized User found to have violated this policy may have his/her access to Email limited or revoked. Unlawful use of the District's computer resources, including Internet and Email services may result in referral for civil or criminal prosecution. Additionally, consistent with all other personnel rules and regulations of the District, an employee who violates this policy may be subject to formal disciplinary action up to and including termination from District employment.
- (H) PROCEDURE
- (1) Guidelines
Authorized Users and other users should always conduct themselves in a professional manner and should never send anything by way of Internet communications or email messages that should not appear in an official memorandum or letter.
 - (2) Records Management
The Email System is not a permanent storage system and staff is expressly forbidden to use it as such. Email in-boxes and out-boxes shall be emptied on a regular basis, after records have been appropriately saved, as outlined below. Since all Emails are

preliminary drafts, every Authorized user (sending or receiving any Email) shall delete the Email as soon as the information is no longer required or convenient for the discharge of the Authorized User's duties, and the Email shall be automatically purged by the District in accordance with the schedule set forth below.

Because the Email System is not designated for long term storage, Email communications which are intended to be retained as an official record (those that have a material impact on the conduct of the public's business) should be printed out and the hard copy filed in the appropriate subject file, or saved in an electronic file folder. Such saved copies of Email Communications shall be retained in accordance with the District's applicable records retention policy.

Since Email Communications are transitory and not intended to be kept in the normal course of business, and to ensure the reliability of the Districts' Email System, all Email Communications shall not be retained beyond 30 days by District electronic mail applications. The District's Email System is configured to automatically delete all emails after 30 days.

(3) Etiquette

- (a) Chain letters are illegal and may not be transmitted through Email.
- (b) Protect the privacy of others; carefully consider the names on a mailing list as addressees or copies.
- (c) Watch punctuation and spelling. It reflects on the professionalism of the entire District staff. Use automatic spell and grammar checks before sending messages.
- (d) Avoid on-going dialogues. If you need to have a dialogue, use the telephone or meet the person face-to-face.
- (e) Use the "Out of Office" automatic response in a timely manner. If you cannot complete the request immediately, send an acknowledgement that the email was received.
- (f) Authorized Users may subscribe only to list serves and news groups that are relevant to their particular job function. These are strictly for District related business information. Do not post any personal messages. If you survey the group, as a courtesy, post a summary of the results. Do not post any messages anonymously.
- (g) State the subject of your message clearly in the subject line.

- (h) Compose longer Email off-line (as word processing documents) in order to reduce editing frustrations and unnecessary on-line traffic.
 - (i) A salutation after your "subject line" and before your message can be used to convey a sense of personal acknowledgement. Appending your name at the end of the message is also considered good etiquette. It is appropriate to sign your name and include your phone number.
 - (j) Do not be vulgar or offensive. Electronic text allows no context or clues to convey shades of irony, sarcasm, or harmless humor. The District's harassment in the workplace policy applies to Email as well.
 - (k) Do not send personal messages on conferences or bulletin boards. Do not publicly (on bulletin boards or conferences) criticize others.
 - (l) Observe standard copyright restrictions; they are the same as for printed materials.
 - (m) Avoid using capital letters. Using "all caps" is the Email equivalent of SHOUTING!
- (4) Computer Security
- (a) Users are to log off the District network at the end of each workday. As a security measure, and to prevent misuse of their Internet and/or email identification and/or password by others, users are strongly encouraged to log off network or to use a screen lock function if they will be away from their computer terminal for more than a few minutes.
 - (b) New viruses are transmitted every day and the best defense is well maintained virus software. Here are some general guidelines to protect against viruses. If you receive suspect email, do not open it. Instead, delete it and then delete all email in the "deleted items" Email folder. If you have questions, contact the District's information system staff, but do not open the email.
 - (c) All Authorized Users are required to place the following language on all outgoing emails sent from the District's system:
 - (i) THIS EMAIL IS INTENDED FOR ITS RECIPIENTS ONLY. IT IS CONFIDENTIAL AND MAY CONTAIN INFORMATION THAT IS PRIVILEGED UNDER THE CALIFORNIA PUBLIC RECORDS ACT (GOVERNMENT CODE SECTION 6250 ET SEQ.) AND OTHER STATUTES. ANY REVIEW, RELIANCE OR DISTRIBUTION BY OTHERS OR

FORWARDING WITHOUT EXPRESS PERMISSION OF THE SENDER IS STRICTLY PROHIBITED AND MAY BE A VIOLATION OF STATE LAW. IF YOU ARE NOT THE INTENDED RECIPIENT, PLEASE NOTIFY THE SENDER AND DELETE ALL COPIES."

- (5) Prohibited Usage - It is unacceptable for a user to use, submit, publish, display or transmit on the network or on any computer system any information which encourages the use of controlled substances, uses the system for the purpose of criminal intent or uses the system for any illegal purpose. It is also unacceptable for a user to use network facilities or Internet capabilities of the system to:
- (a) Conduct any non-approved business
 - (b) Solicit the performance of any activity that is prohibited by law
 - (c) Transmit material information, or software in violation of any local, state, or federal law

 - (k) Propagation of computer worms or viruses
 - (l) Blanket forwarding of messages to parties outside of the District without prior permission
 - (m) Sending, receiving, displaying, printing, or otherwise disseminating material that is fraudulent, harassing, illegal, embarrassing sexually explicit, intimidating or defamatory
 - (n) Commercial or personal advertisements
 - (o) Solicitations, promotions, destructive programs, or any other unauthorized or personal use
 - (p) Gambling
- (6) Acknowledgement - Each authorized user of the Email System shall execute the following acknowledgment: "This statement acknowledges that I have received and read a copy of the Hesperia

Recreation and Park District policies and procedures entitled, Email Use Policies and Procedures. I acknowledge, and fully understand the terms of this policy and agree to abide by them. I have no expectation of privacy regarding my use of any computer file, Internet access, or Email message. I further acknowledge that all Internet and Email messages are the property of the Hesperia Recreation and Park District and the District reserves the right to access, audit, and disclose, for whatever reason or purpose, all messages sent through or in storage on the District's computer system. I understand that any violation of this policy could lead to disciplinary action up to and including termination and/or criminal or civil prosecution."

(I) ROLES AND RESPONSIBILITIES

- (a) The District Manager is responsible for administering this policy and procedure.
- (b) All authorized users, including employees, appointed or elected officials volunteers, and interns, are responsible for compliance with this policy and procedure.

14.32 Social Media

This Social Media Policy establishes guidelines for the establishment and use by the Hesperia Recreation and Park District of social media sites (including but not limited to Facebook and Instagram) as a means of conveying Hesperia Recreation and Park District information to the citizens of Hesperia.

- (A) This Social Media Policy establishes protocols, and procedures for the use by both District staff and the public for use of such social media sites, channels, and technology. The District regards social media and any official online and Internet presence as a means of augmenting and enhancing traditional communication methods and to engage, convey information to, and communicate with members of the public in order to meet its missions and goals. This policy applies to all District employees, officers, volunteers, and, as applicable, any consultants, providers, and contractors acting in an official capacity when communicating with the public on behalf of the District through the use of social media.
- (B) The purpose of the District's use of social media is to provide information regarding District events and programs. While District-approved social media sites are to be used for the purposes stated, they are not intended to replace nor serve as the primary means of this District's communication with anyone. The District's official website is and shall remain the primary means of online communication with the

public.

- (C) To the extent possible, District social media sites may contain visual elements/graphics clearly identifying such sites as official District sites and distinguishing them from other non-professional or personal sites. Such identification of official District social media sites may include the use of the District logo(s), as well as contact information including an official District email address, link to the official District website, and links to other District social media sites, as applicable.
- (D) The District intends for its use of any social media sites to relate solely to matters of District business and does not, in any way, intend to nor actually create general or dedicated public forums. The purpose of this policy is to establish and confirm the use of the District's social media platforms as limited public forums.
- (E) The District presently utilizes the following social media platforms: Facebook and Instagram. The foregoing are examples only, and the references are not to be considered a requirement that the District use any of these third-party tools, services, or technologies.
- (F) The District has an overriding interest in protecting the integrity of the information posted on its social media sites and the content that is attributed to the District or its officials while, at the same time, mitigating and/or eliminating associated risks from the use of such technology. As the District changes its direction on social media use with the evolution of such use, this policy will be revised and social media activity shall be adjusted accordingly. Any questions relating to this policy should be directed to the General Manager's office.
- (G) While this policy acknowledges that social media is a way to engage with others, this policy is not intended to require the District, nor any District employee or contractor acting in an official District capacity, to use social media unless otherwise directed to do so. The District periodically will conduct a risk assessment of the use of social media technology and sites and determine whether the use of social media sites is appropriate and whether appropriate risk mitigation controls can be implemented.
- (H) Notwithstanding, as a means of communication with residents and other users of the sites, the District may post emergency information on its social media sites. The District is not required in any way to post

such information nor is it responsible for the posting or failure to post emergency information.

Management of Social Media Sites

Hesperia Recreation and Park District social media sites are to be established and maintained by the Hesperia Recreation and Park District account administrator and his/her duly authorized designee(s). The District General Manager is responsible for the overall administration of the District's social media sites, enforcement of this policy, and for securing protection of District information and technology assets against potential destructive technical incidents in the context of social media use. Approval of District social media sites shall be made by the General Manager.

- (A) The account administrator shall maintain a current list of all of the District's social media sites that are approved and operating. Social media sites may be established only with a District email address.
- (B) The account administrator shall regularly monitor all its sites, including timely review and approval of all content, and removal of content after the records retention period, or otherwise according to this Policy.
- (C) As described in the Content and Comment Moderation Policy, the District reserves the right to refrain from posting or to remove any content that is not consistent with this and other District policies or that is in violation of applicable law(s).
- (D) Technology, social media capabilities and scope, and online behaviors are changing constantly. Because of this constant adjustment and adaptation, the District reserves the right to change, modify, or otherwise amend all or part of this Policy at any time.
- (E) District social media sites shall be managed consistent with federal and state law and regulations, including but not limited to the Brown Act, the Political Reform Act, and the California Elections Code, as those may be amended from time to time, as well as the requirements of this Policy. As required by the Brown Act, elected and appointed members of the District shall not respond to any published postings, nor use any social media site or any form of electronic communication to respond to, blog or engage in serial meetings, or otherwise discuss, deliberate,

or express opinions on any issue within the subject matter jurisdiction of the body, or for any political purpose.

- (F) District social media sites are subject to the California Public Records Act. Any content maintained on an official District social media format that is related to District business, including posted communications, and communications submitted for posting, may be considered a public record and subject to public disclosure. California Public Records Act requests for the production of social media site content shall be referred to the District Clerk for review and further handling. The originals of such public records shall be retained for two years or as otherwise provided by the applicable District records retention policies.
